- CSS3
- JavaScript
- TypeScript
- React
- Tailwind CSS
- Postman

Work Experience

Tashkent University of Information Technologies named after Muhammad al-Khwarizmi *2025 - 2026*

Frontend Developer

I was accepted as a Frontend Developer Intern at the Digital Infrastructure Development Center (RIRM) of Tashkent University of Information Technologies. During my internship, I collaborated with a team on real-world projects, contributing to the development and improvement of web applications. My responsibilities included building user-friendly and responsive web interfaces, enhancing existing projects, and implementing modern frontend solutions. I worked with contemporary frontend technologies to write clean, maintainable, and optimized code while identifying and resolving technical issues. In addition to strengthening my technical skills, I gained valuable experience in teamwork, task coordination, and project workflow management within a professional development environment.

Languages

Uzbek — Native

Russian — Basic

English — Intermediate

Additional Information
